

PORTA
CORE EXPERTS

Fireblock® Door Core – Engineered for Protection and Performance

Tested.
Certified.
Trusted.

Fireblock® is rigorously tested and certified to international fire safety standards:

- EN 1634-1
- UL 10C
- BS 476-22
- Delivers up to 90 minutes of fire resistance and acoustic insulation up to 36dB.

Company Overview

Recognizing the growing demand for high-quality fire-rated solutions, Fireblock® was developed with a customer-first mindset. The team introduced Fire Rated Door Blanks—crafted meticulously to meet rigorous performance and safety standards.

About Us

Established in 2020, the Fireblock team brings together over 20 years of combined expertise in the construction and building materials sector across the Middle East and North Africa (MENA) region

Fireblock® is a registered brand under Porta Wooden Products Trading LLC. As part of our expansion, we have launched Fireblock® alongside its subsidiaries:

- Porta Core Experts Fire Resistant Doors Manufacturing LLC
- RADAR (Linko), a SIRA-approved smart lock provider

Our Vision and Mission

Vision:

Our vision is to be the leading provider of innovative and reliable fire door core solutions, setting the industry standard for safety and performance.

Our Advantages

Guaranteed Product Quality

With cutting-edge solutions tailored to address key industry challenges such as lead time, quality, and cost, Fireblock® continues to set a new benchmark in the fire-rated door market.

Commitment to Sustainability

We are committed to always improving environmentally friendly practices from products, materials, to production processes.

FIREBLOCK®

Customer Service

More than just a material supplier, we aim to support and help you meet lead times without compromising on compliance and quality. We are here to provide you a customized solution.

Thank you for getting to know us better.

We look forward to working with you and bringing positive change through our superior products and services.
